

All plantings on the College's campuses shall be:

- A. Ecologically appropriate and reflect the College's desire to be a thoughtful steward of the natural resources under its protection;
- B. Regionally adapted and suitable for landscape microclimates, pest pressures and the soils of the campus;
- C. Composed of native plants grouped in biodiverse natural associations when possible; and
- D. Educational, communicating a sense of place that helps students, faculty, staff, administrators, and guests understand the rich biodiversity and the limiting resources of the College's ecosystem.
