Tuition-Free College Credit for Qualified  
High School Juniors and Seniors

## CAREER AND COLLEGE PROMISE

Success in today's global economy may require a two- or four-year degree, a certificate, or a diploma. Through the Career & College Promise (CCP) program, qualified high school students in North Carolina can pursue these options, tuition-free, while they are still in high school, allowing them to get a jumpstart on achieving their workforce and/or college preparation goals.

CCP at CVCC allows qualified juniors and seniors to select courses from a variety of career technical and/or college transfer pathways. As a CCP student, you can earn tuition-free course credits toward a job credential, certificate, diploma, or degree. Many courses earn both high school and college credits!
